

**Before you try it: 7
straight answers.**

LocalTranscript

Is it really free?

Yes.

No account, no time limit, no upgrade screen.

Is anything uploaded?

Not by default.

Audio, transcripts and summaries stay on your computer. Cloud only if you connect it.

Does it work offline?

Yes, after setup.

Setup downloads the speech model
once (about 2 GB).

LocalTranscript

Will my laptop cope?

Setup tells you.

It measures your computer and shows how long an hour of recording takes.

Can I record anyone?

Only with consent.

Before every recording, the app asks you to confirm everyone agreed.

Which languages?

16, up to four per meeting.

English, French, German, Italian, Spanish and more.

What does it run on?

Windows and Mac.

Windows (Intel/AMD and ARM). Mac with Apple Silicon, macOS 14 or later.

Free. No account.
